- In order to provide quality services, we have many forms for you to read and sign. It is important that you understand and complete the forms as they help protect your rights and hold us to ethical and legal standards of treatment. Please be patient with the paperwork, as it provides a solid foundation for your services.

Please participate in the development of treatment plan, working toward discharge plan, reaching established goals, securing aftercare programs and maintaining appropriate contact with youth.
- While there is not a specific focus on the treatment of substance use disorders, Youth Dynamics does have policies and procedures concerning mood-altering chemicals that apply to all clients. The use of mood-altering substances by youth is not permissible by law or program rules. Similarly, any use of medications by someone other than the person for whom they are prescribed is a violation of program rules. If it is suspected that a client might have a problem with drugs and/or alcohol, an assessment will be suggested and/or carried out to determine the extent of the problem and the appropriate, clinical course of action to be taken, which could include discharge to the appropriate level of treatment .
- Residents of any Youth Dynamics home are subject to Youth Dynamics' Search policy, which states that the police will be notified regarding any resident who brings any tobacco/mood-altering substances into the home or is found to have them in their possession. Disposition of anyone found to be in possession of drug paraphernalia will follow the Search policy and procedures. Any resident suspected of being under the influence of mood-altering chemicals will be immediately taken to the Emergency Department for medical assessment. Residents who have either a substance abuse or substance dependence diagnosis will be expected to follow all those aspects of their treatment plan that pertain to that issue. These could include attendance at aftercare and/or self-help meetings, the execution of relapse prevention strategies, and submission to the Youth Dynamics's urinalysis screening procedures.

*I have read and understand the foregoing and agree to conform to these requirements. The terms of this agreement shall remain in force until changed by mutual agreement of both parties or this child is no longer placed at this facility.*
